

Sisters

Sisters are fun
to tease and torment
but when they tease you
they never relent

Sisters are someone
to look out for
especially when
a boy comes to the door

Sisters dump you
upside down in the snow
and leave you there
until your cheeks get cold

Sisters are family
and friends as well
Jessica, Nicole,
Kimberly and Mel

Sisters are there
for whenever you need
although on occasion
you may have to plead

Sisters Love you
whether you're dumb or smart
and you Love them too
even when you're apart

Sisters are Loving
and will always be there
no matter who you are
or what you wear

Sisters Love you
wherever you go
and you Love them too
though you don't always show

Love Michael
